- properties built by ESPN Consumer Software Engineering (ESPN.com and ESPN App portfolios).
- Collaborated with teams across ESPN to identify, clarify, track, and resolve all user-facing issues and outages within products built by ESPN as well as partner products (ESPN affiliates).
- Coordinated resolution and then documented the root cause to prevent future occurrences.

07/2013 – **Director of Product Management – ESPN Fantasy Games**

- 01/2015
- Managed all phases of product development from concept, proof-of-concept, development, product launch, and maintenance. Responsible for overall product strategies and roadmaps.
  - Drove business development (product sponsorship, sweepstakes/legal, marketing), product development (concept to completion), quality assurance, and post-launch game operations.
  - Collaborated with Design, Editorial, Engineering, QA, Marketing, Sales and Advertising teams to coordinate the launch of all Fantasy products on schedule and within budget.
  - Utilized analytics (Omniure/Adobe, Localytics, and comScore) as well as A/B testing to drive product decisions and to shape the strategic direction of development efforts across the Fantasy portfolio.

12/2010 – **Director of Product Development – ESPN Fantasy Games**

- 07/2013
- Led a team of developers and designers responsible for multiple gaming engines including Bracket, Pick'em, Roster-based/Manager, Streak for the Cash, Rank'em, and Trivia engines.
  - Helped contribute to a record \$41 million in digital sponsorship revenue for FY 2012.
  - Worked closely with Sales and Marketing teams to create custom sponsorship opportunities.
  - Led the development of Tournament Challenge iOS and Android apps from 2011 to 2014.
  - Led the development of the Streak for the Cash app from 2008 to 2015 amassing 6.4 million users.

02/2007 – **Product Manager and Developer – ESPN Fantasy Games**

- 12/2010
- Responsible for the overall development and maintenance of all Fantasy Minigame products within the [ESPN Fantasy Games](#) section of ESPN.com and the respective iOS/Android app stores.

02/2003 – **SONALYSTS INC.**

**Waterford, CT**

02/2007 **Senior Game Producer / Lead Designer**

- Managed the overall design, development and publishing of [Dangerous Waters](#).
- Responsible for all daily decisions pertaining to game play, content creation, and mission design.
- Negotiated with game publishers and pursued all possible collaborations for both retail and digital distribution. Established publishing agreements with [Strategy First](#) and [Steam](#) (Valve software).

07/2002 – **VTECH INC.** – Global Product Design Division

**Norwalk, CT**

01/2003 **Interactive Designer / Associate Producer**
